

TRANSFORMATION ZONE OVERVIEW

Transformation Zone is a local mission experience birthed out of a desire for students to experience missions locally and make an impact in the Central Ohio area. For years, students have gone on mission trips, and we have taught them that they can have the same impact in their own communities when they return home. In 2008, a number of youth leaders joined together to create a local mission trip that would make those words a reality. Youth ministries around Ohio gather together in Marysville for a week of serving our community. We go into Union, Franklin, Madison, and Delaware Counties to partner with ministries and share the love of God with our neighbors.

At Transformation Zone, we spend our week serving the people of Central Ohio at 15-20 sites, and each evening we will come together for worship, meals, and lodging at Marysville First United Methodist Church. We are located 40 minutes from downtown Columbus and within 30 minutes of most of our service sites throughout the week.

The mission week begins with registration at 3:30 on Sunday, July 9. That evening we will get to know one another and go through training for the week ahead. Monday-Friday, we will start the morning with breakfast, then have devotional time, and head out to our work sites. During the day's lunch break, work teams will have lunch devotions together, and discuss where they are seeing God at work in their project. There is space each afternoon for showers and free time, and after dinner, we will worship together and then have church group time. Wednesday afternoon, full week participants gather at Zoombezi Bay – Columbus' outdoor waterpark – for an afternoon of fun and relaxation. In each of our evening services, our goal is to help students grow closer to God through worship and learn about how He desires to transform their lives and through them, transform the world. We will end the week with a celebration service on Friday afternoon and depart for home at 5:00 p.m.

Here is a glimpse of what we did in 2016. We had 180 participants who worked hard serving our neighbors! We built 7 porches, 9 sets of stairs, and repaired over a dozen handrails at a Columbus Mobile Home park, reached about 100 children at various VBS sites, visited 2 nursing homes, sorted donations for free stores here and for items to be shipped overseas, performed 7 puppet shows, packed 10,000 meals, and more!

Students left saying things like this:

"I have learned the best way to show I am a Christian is not by knowing facts but by **loving** everyone because they are children of God."

"My life is **changed forever**, awesome week! One of the best in my life!"

"This is a fantastic program and an awesome way to engage youth in all different ministries"

Transformation Zone 2017 will take place July 9-14. If you are interested in more details about this mission experience before you register, go to www.tzonemissions.org or contact us at tzonemissions@gmail.com. **The cost is \$125 per participant for the full week. Meals

Provisions are made in the kitchen for students with nut allergies or vegetarian needs. All other special food needs will need to be provided by the individual.

Breakfast: Breakfast begins promptly at 7:30. Participants will sit in your work teams as you eat a hot breakfast that may also include cereal, pastries, fruit, juice, and coffee.

Lunch: A “brown bag” lunch will be packed each morning and eaten at the work site. Sandwiches, potato chips, fruit, and cookies will be provided. Sandwich toppings include: peanut butter, jelly, ham, turkey, cheese, and condiments.

Supper: Different churches from participating Transformation Zone groups will provide dinner for us each evening, including a salad bar, and dessert. Participants are welcome to sit at any table for this meal.

Work Crews

We make every effort to place adults in crews where their gifts will be best placed. Our goal is to place adults in work crews before the week begins in order to match adult skills with site needs. After your adults are placed in crews, we will assign your church the appropriate tools needed for those sites.

Chores

The work teams will take turns with the basic housekeeping chores at the center. These will include cleaning the chapel, game room, lobby, sleeping quarters, bathrooms, and dining area. All members of the work team are expected to participate in keeping the church clean through daily chores.

Programs

In addition to participating in transformation for the Central Ohio area throughout the week, Transformation Zone desires to foster spiritual transformation through our on-site programming. All participants are expected to participate in morning quiet time/devotions in the sanctuary, lunch time devotions with their work crew, church group time, and evening worship. Our evening worship consists of a band and engaging speakers that will challenge and encourage participants.

In addition, we will have daily free time and activities for students and adults to participate in each afternoon.

Adult Leaders

The T-Zone Leaders are excited about facilitating your mission experience. However, we cannot do it alone. ***Each adult will be expected to:***

- 1 Be *at least* 21 years of age
- 2 Participate in all T-Zone activities (i.e. meals, meetings, devotionals and chapel)
- 3 Oversee his or her own youth to:
 - ***Enforce lights out*** at 10:30 pm
 - Make sure your team is present for breakfast, devotionals, dinner and chapel
 - Assist with general supervision of youth for safety at the work site
 - Assist with general supervision of youth while at the T-Zone building
 - Oversee work with the daily chores
 - Be an example to the youth by following the rules on the following page
- 4 Ultimately, it will be expected that *every adult leader "lead" by example*. Adult participation is vital to the success of the T-Zone ministry. The attitudes and actions of the adult leaders will be reflected in the attitudes and actions of the youth. Help us enhance the experience of the youth by demonstrating a positive, Christ-like and servant-oriented example. *We can lead only as far as we ourselves have been.*
- 5 Provide supervision and necessary discipline/correction for the teens in their work team during the work day.

Wireless internet access will be available for *youth leaders* to communicate with their churches
